*Apply filters by selecting Filter Options drop down above

- 'Page Filters' are any filters which are visible in the left side navigation area
- 'Advanced Filters' are any filters set by clicking on the 'Advanced' link
- Any Advanced Filters applied in the Request area may be applied in the Deliveries area by selecting 'Apply Advanced' in the Filter Options drop down list in the Delivery area
- There is no longer a 'FILTER' button on the Request and Delivery pages. Apply the filters by selecting the appropriate filter in the Filter Options drop down list
- The default period selected is configurable in the User Preferences off the main page
